

34 A

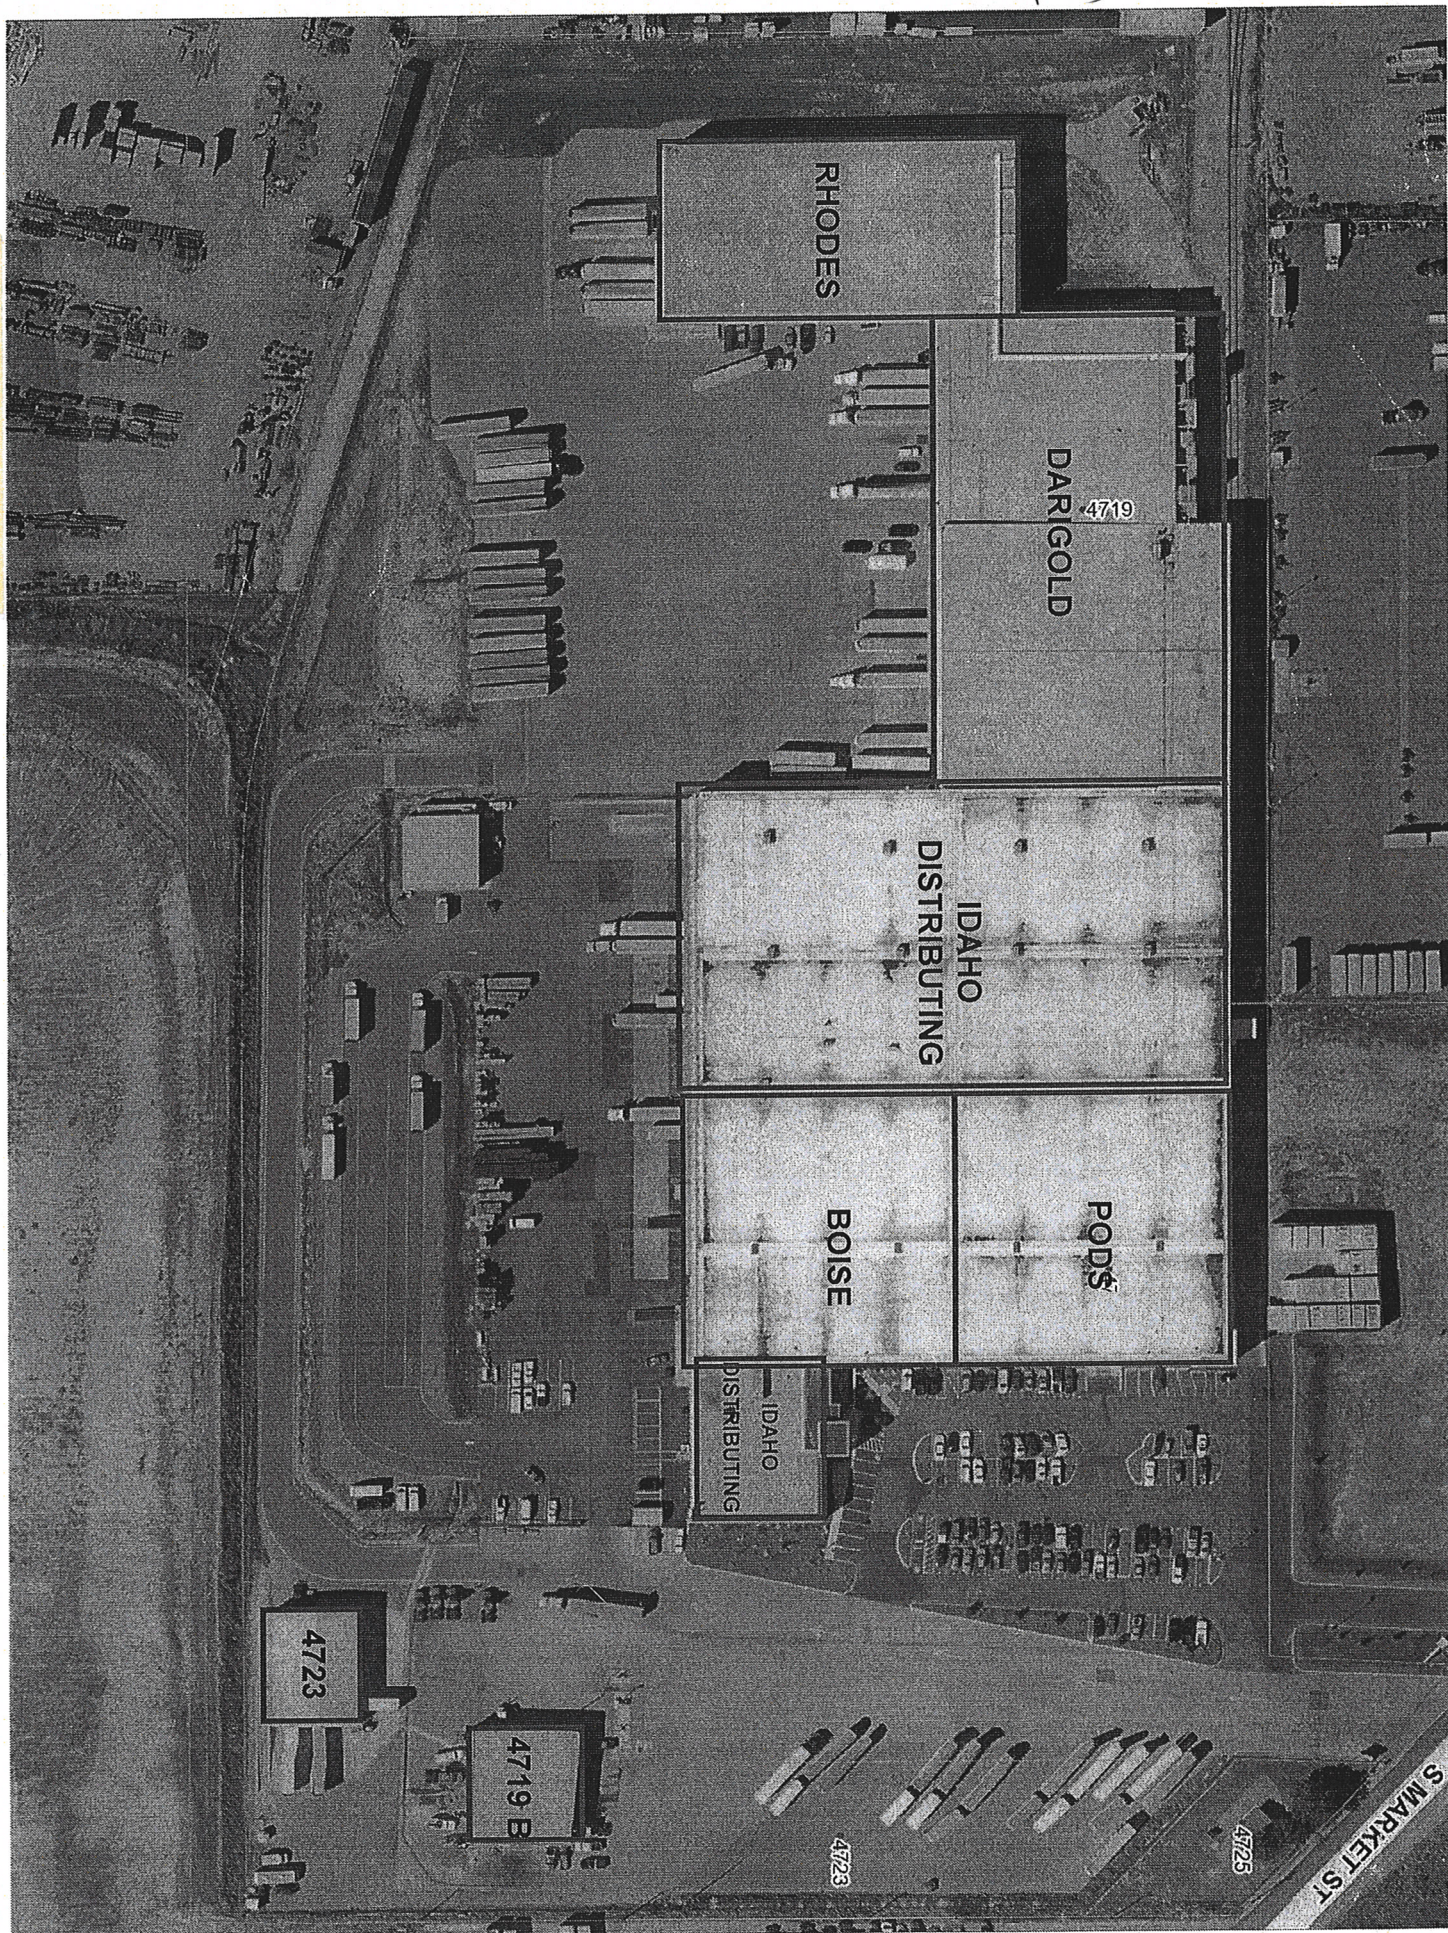

The arrows show two exterior access to Riser Rooms. There are Supra Boxes on each door the code is 1234.

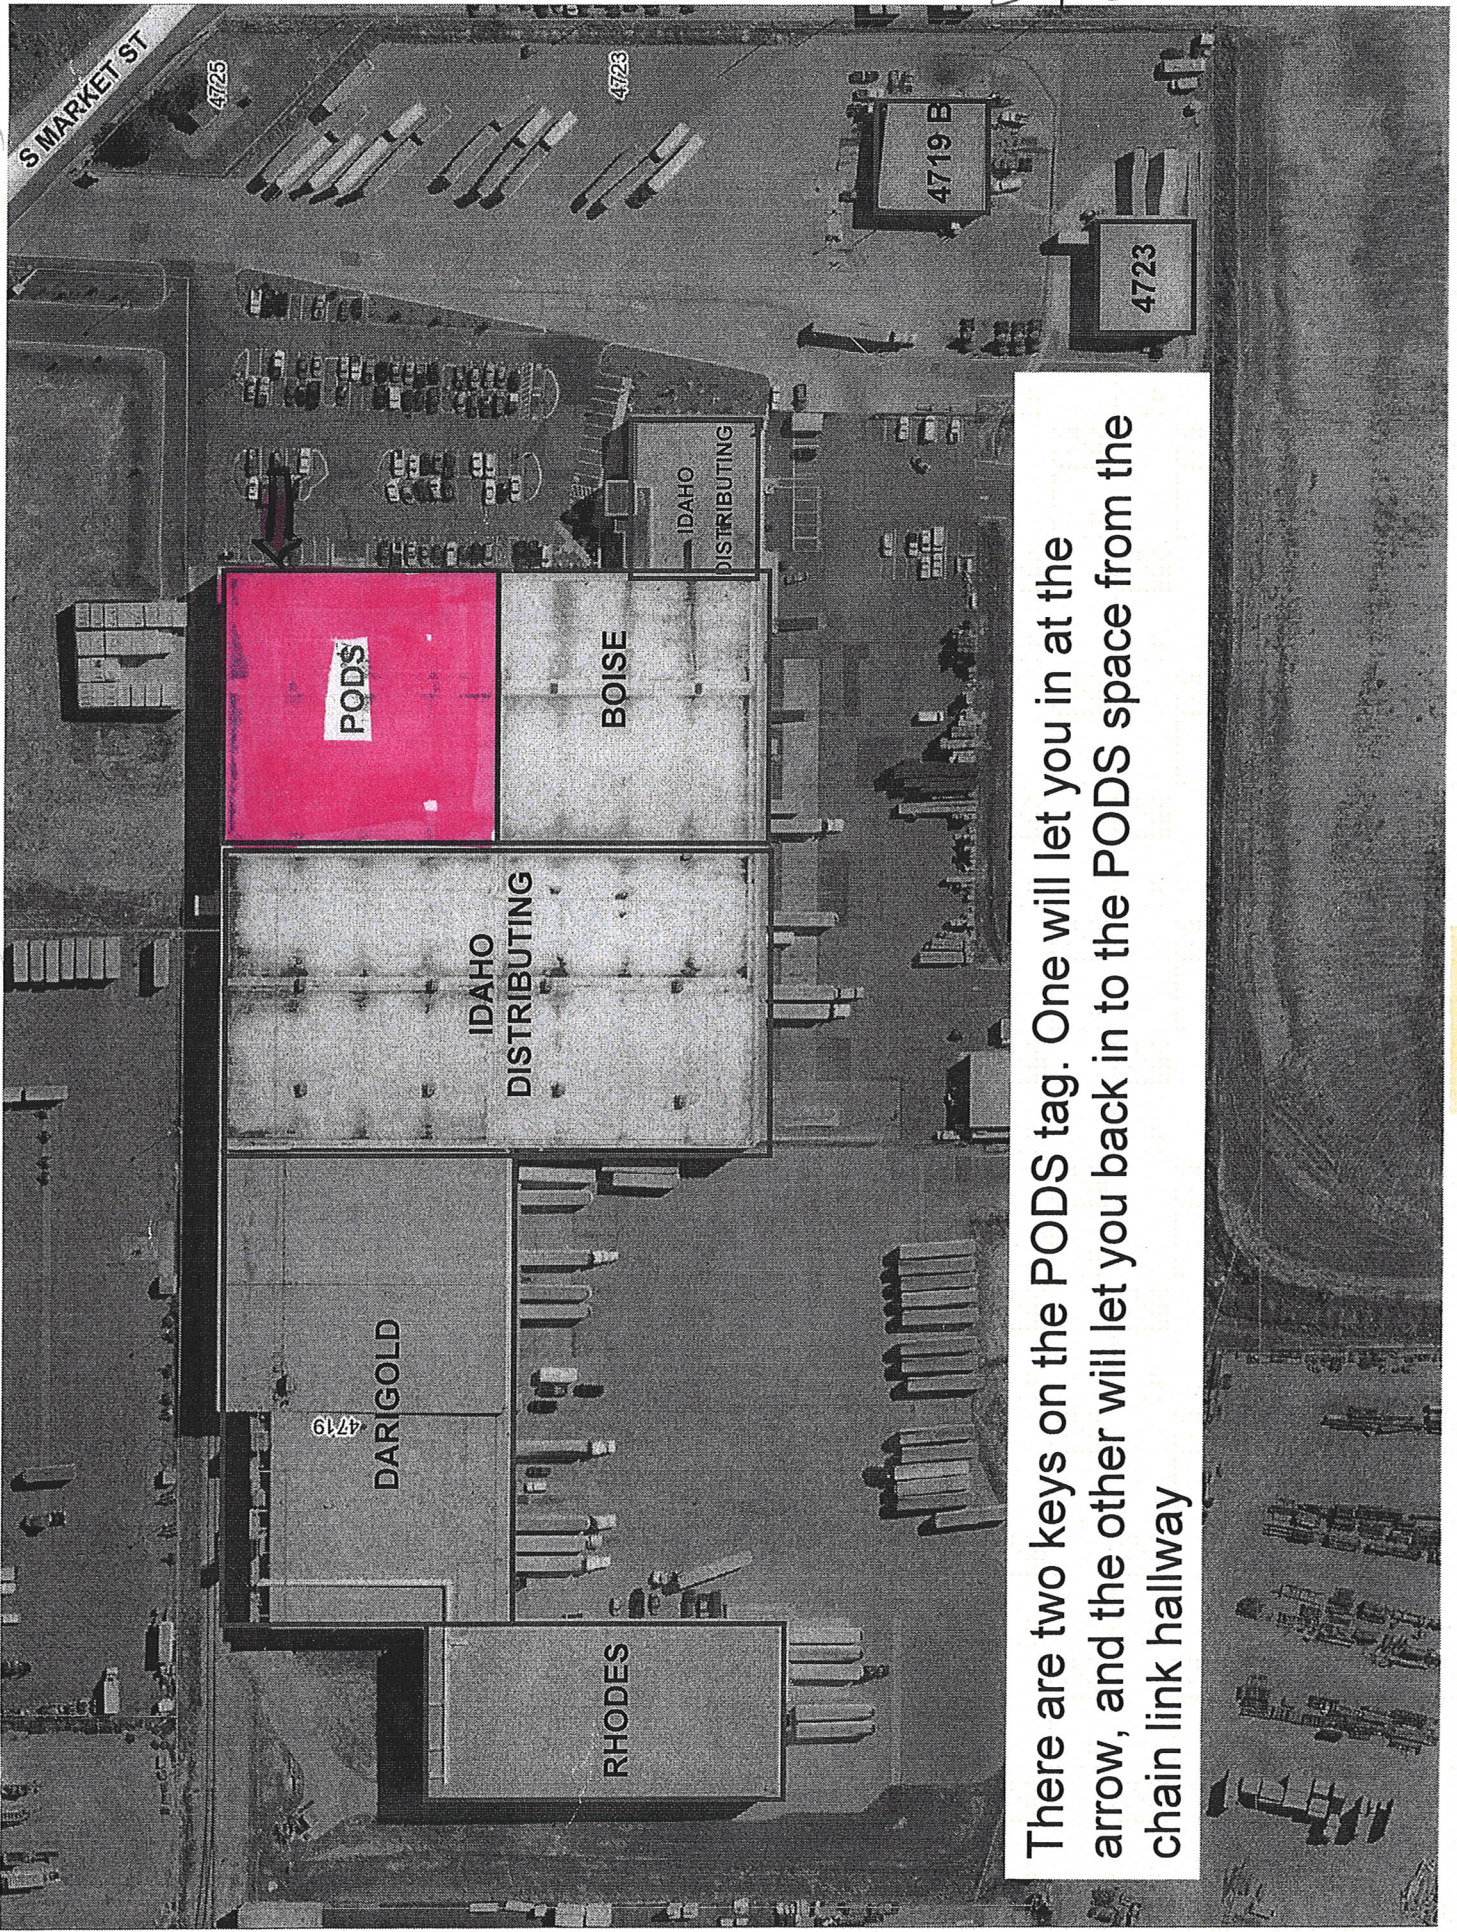

On the west riser room, the **only** keys are in the Supra box on the door.

From the north riser room there is access to the back of the Idaho Distributing without any extra keys.

34 B

34 C

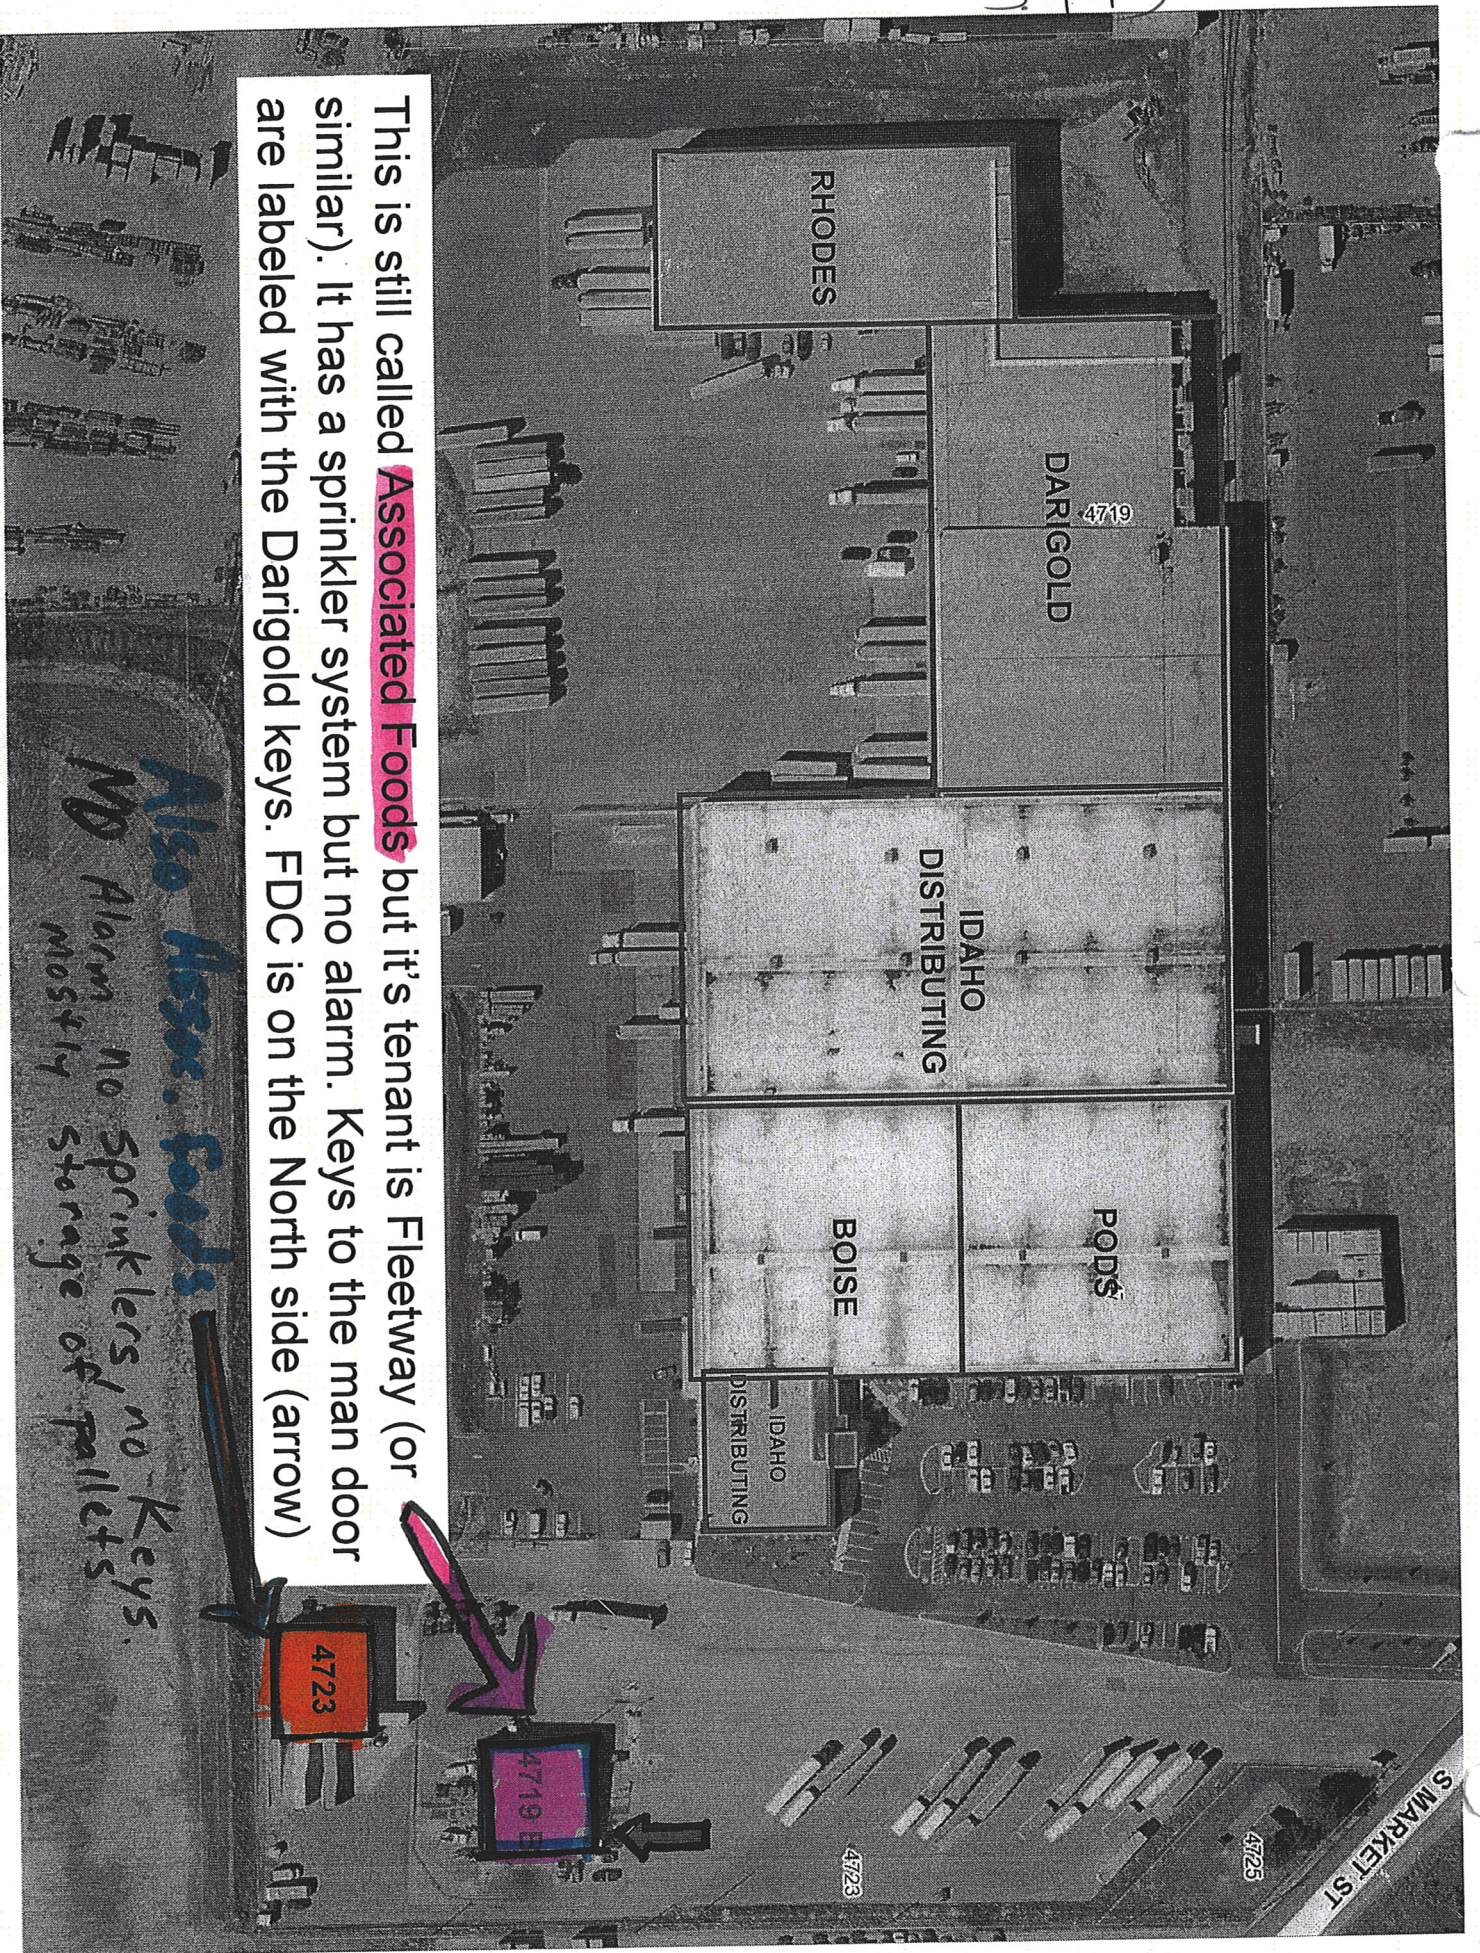

There are two keys on the PODS tag. One will let you in at the arrow, and the other will let you back in to the PODS space from the chain link hallway

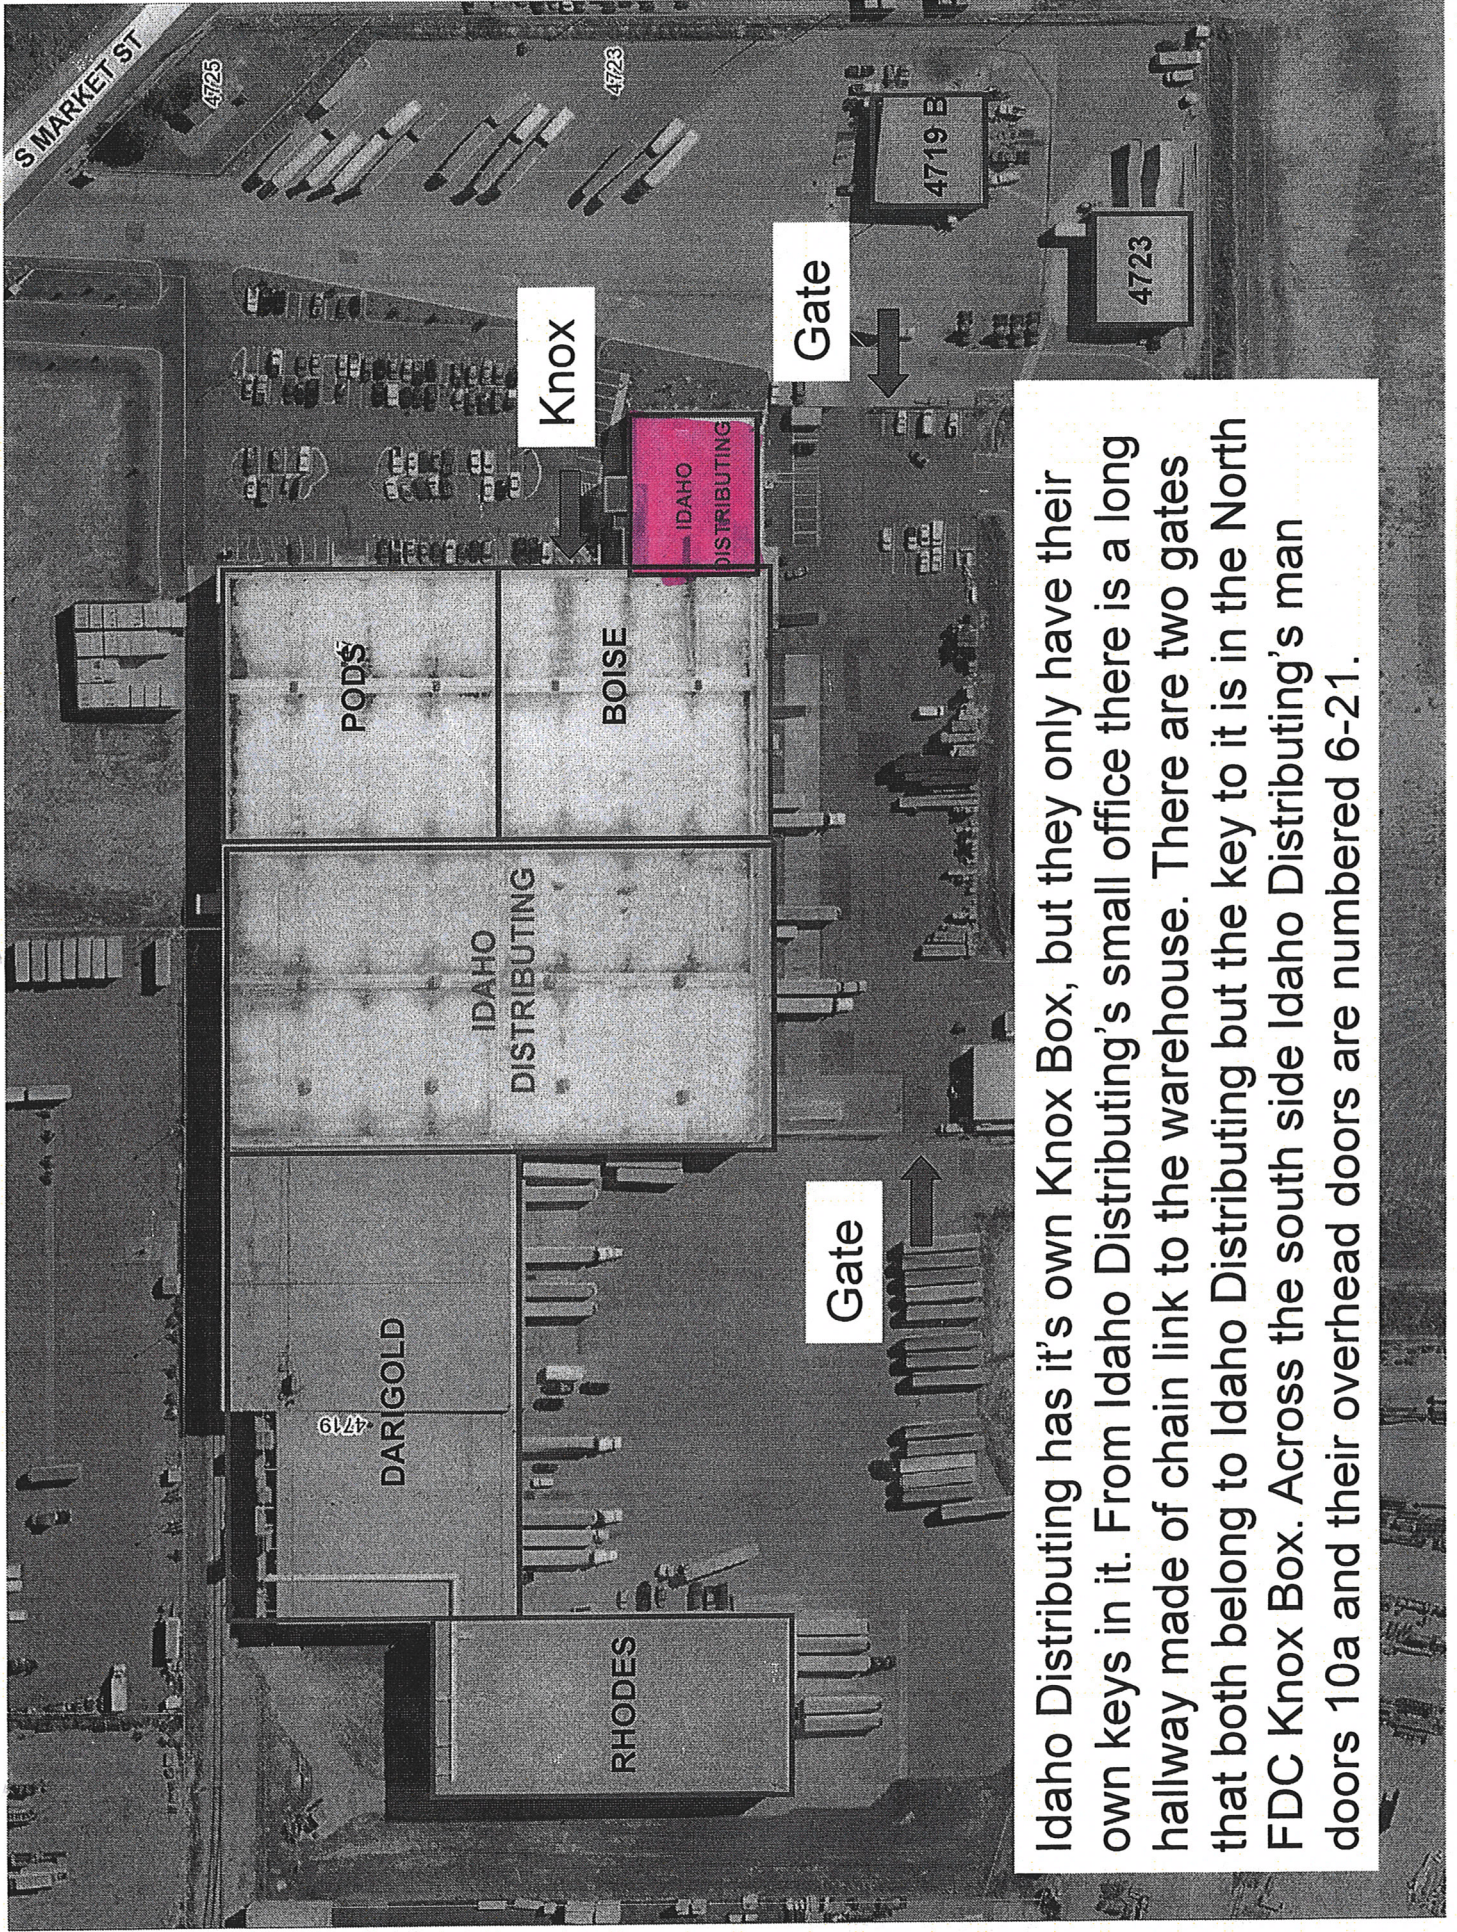

34 D

This is still called **Associated Foods** but it's tenant is Fleetway (or similar). It has a sprinkler system but no alarm. Keys to the man door are labeled with the Darigold keys. FDC is on the North side (arrow)

Also Assoc. Foods
NO Alarm no sprinklers, no keys.
mostly storage of pallets.

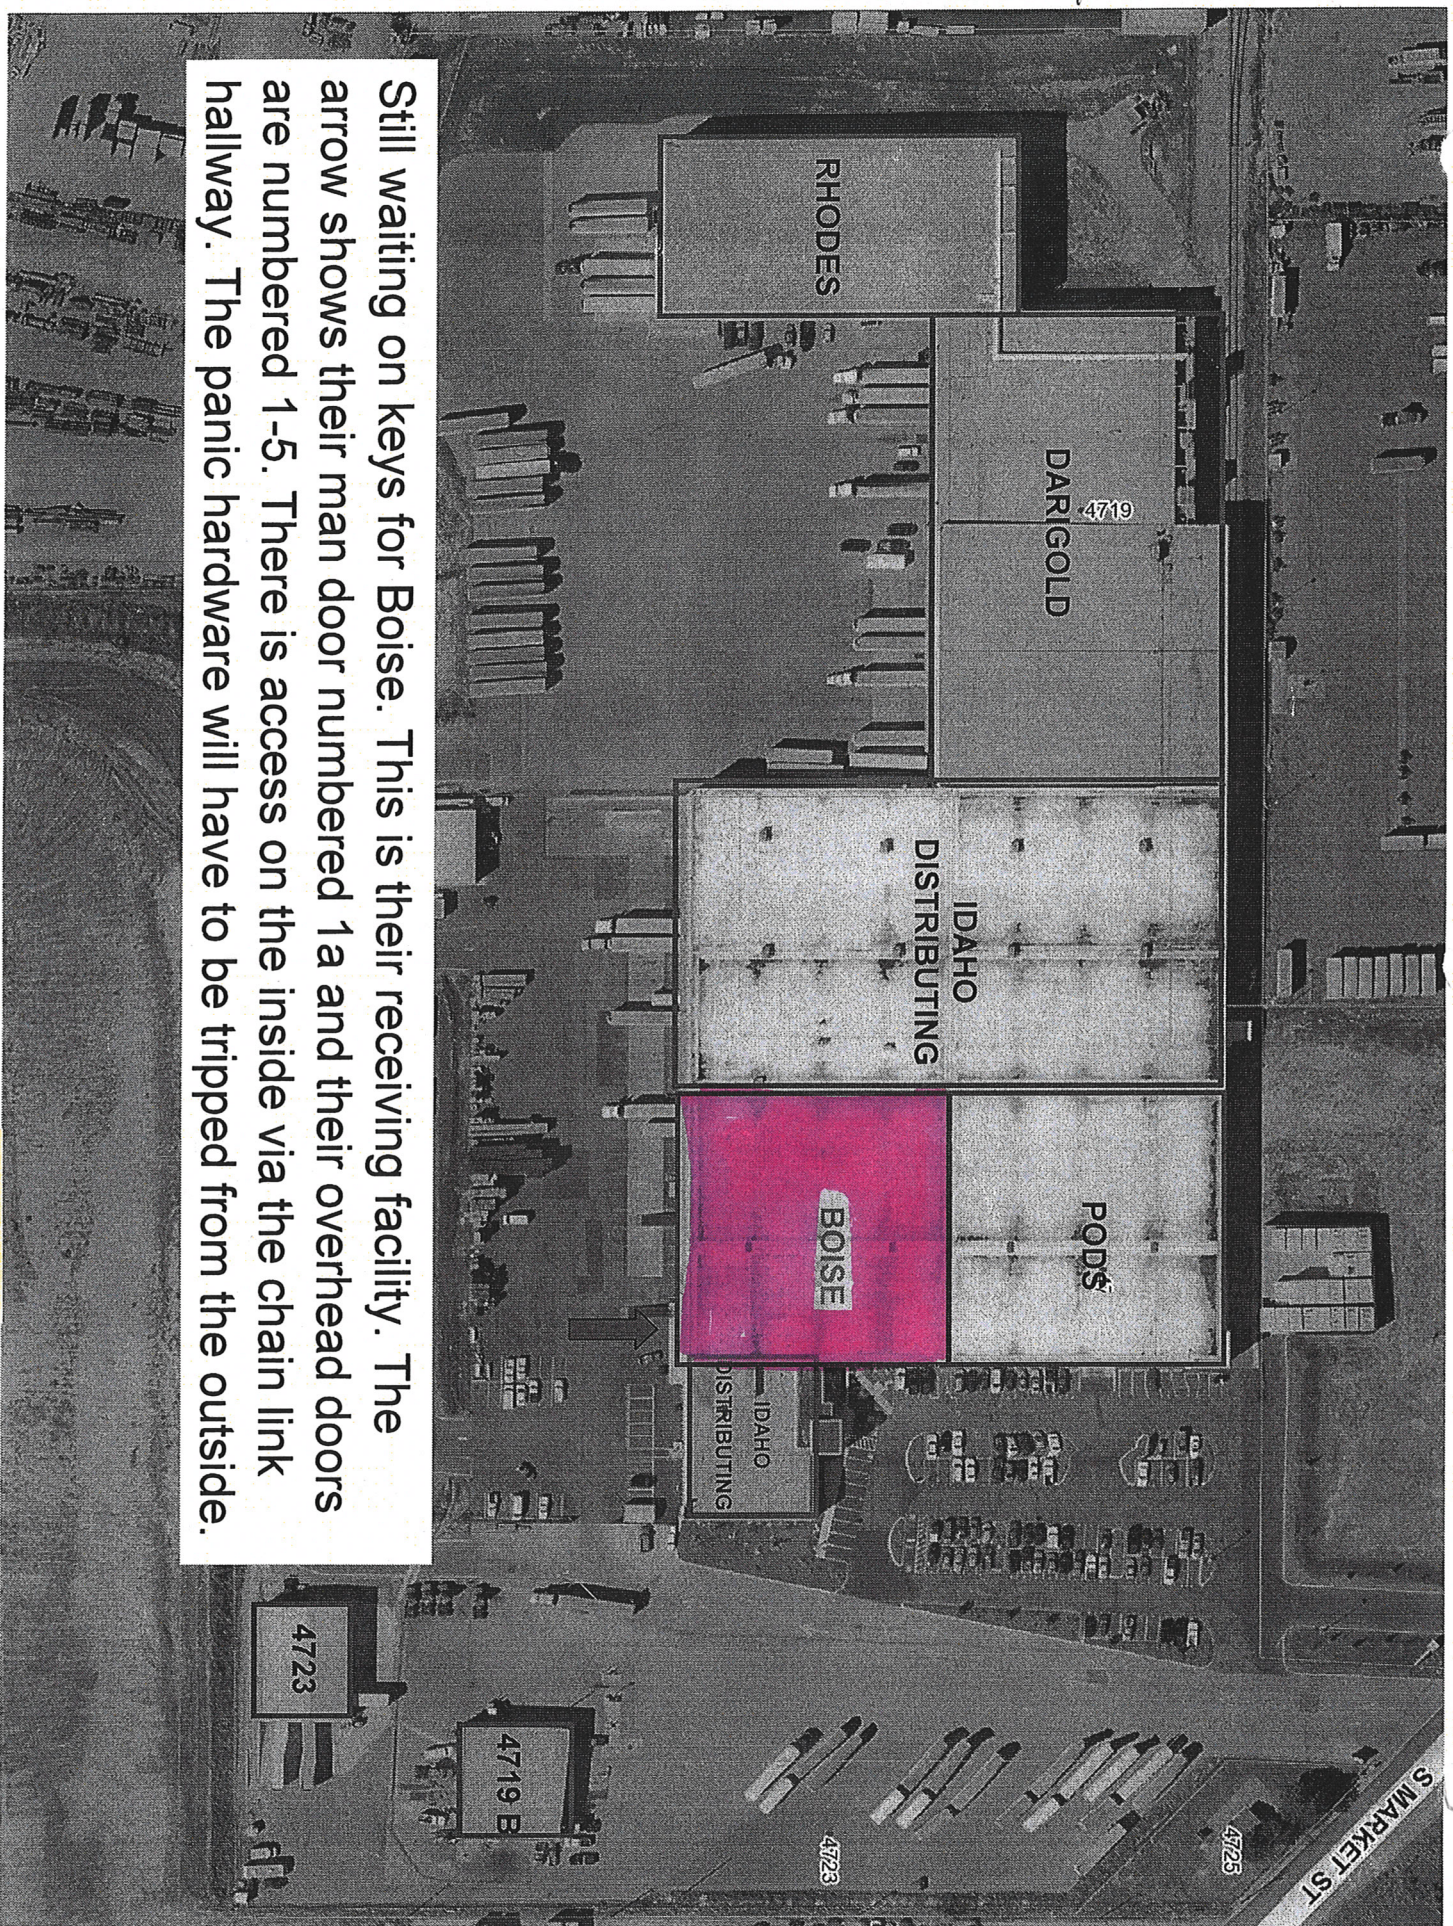

34 E

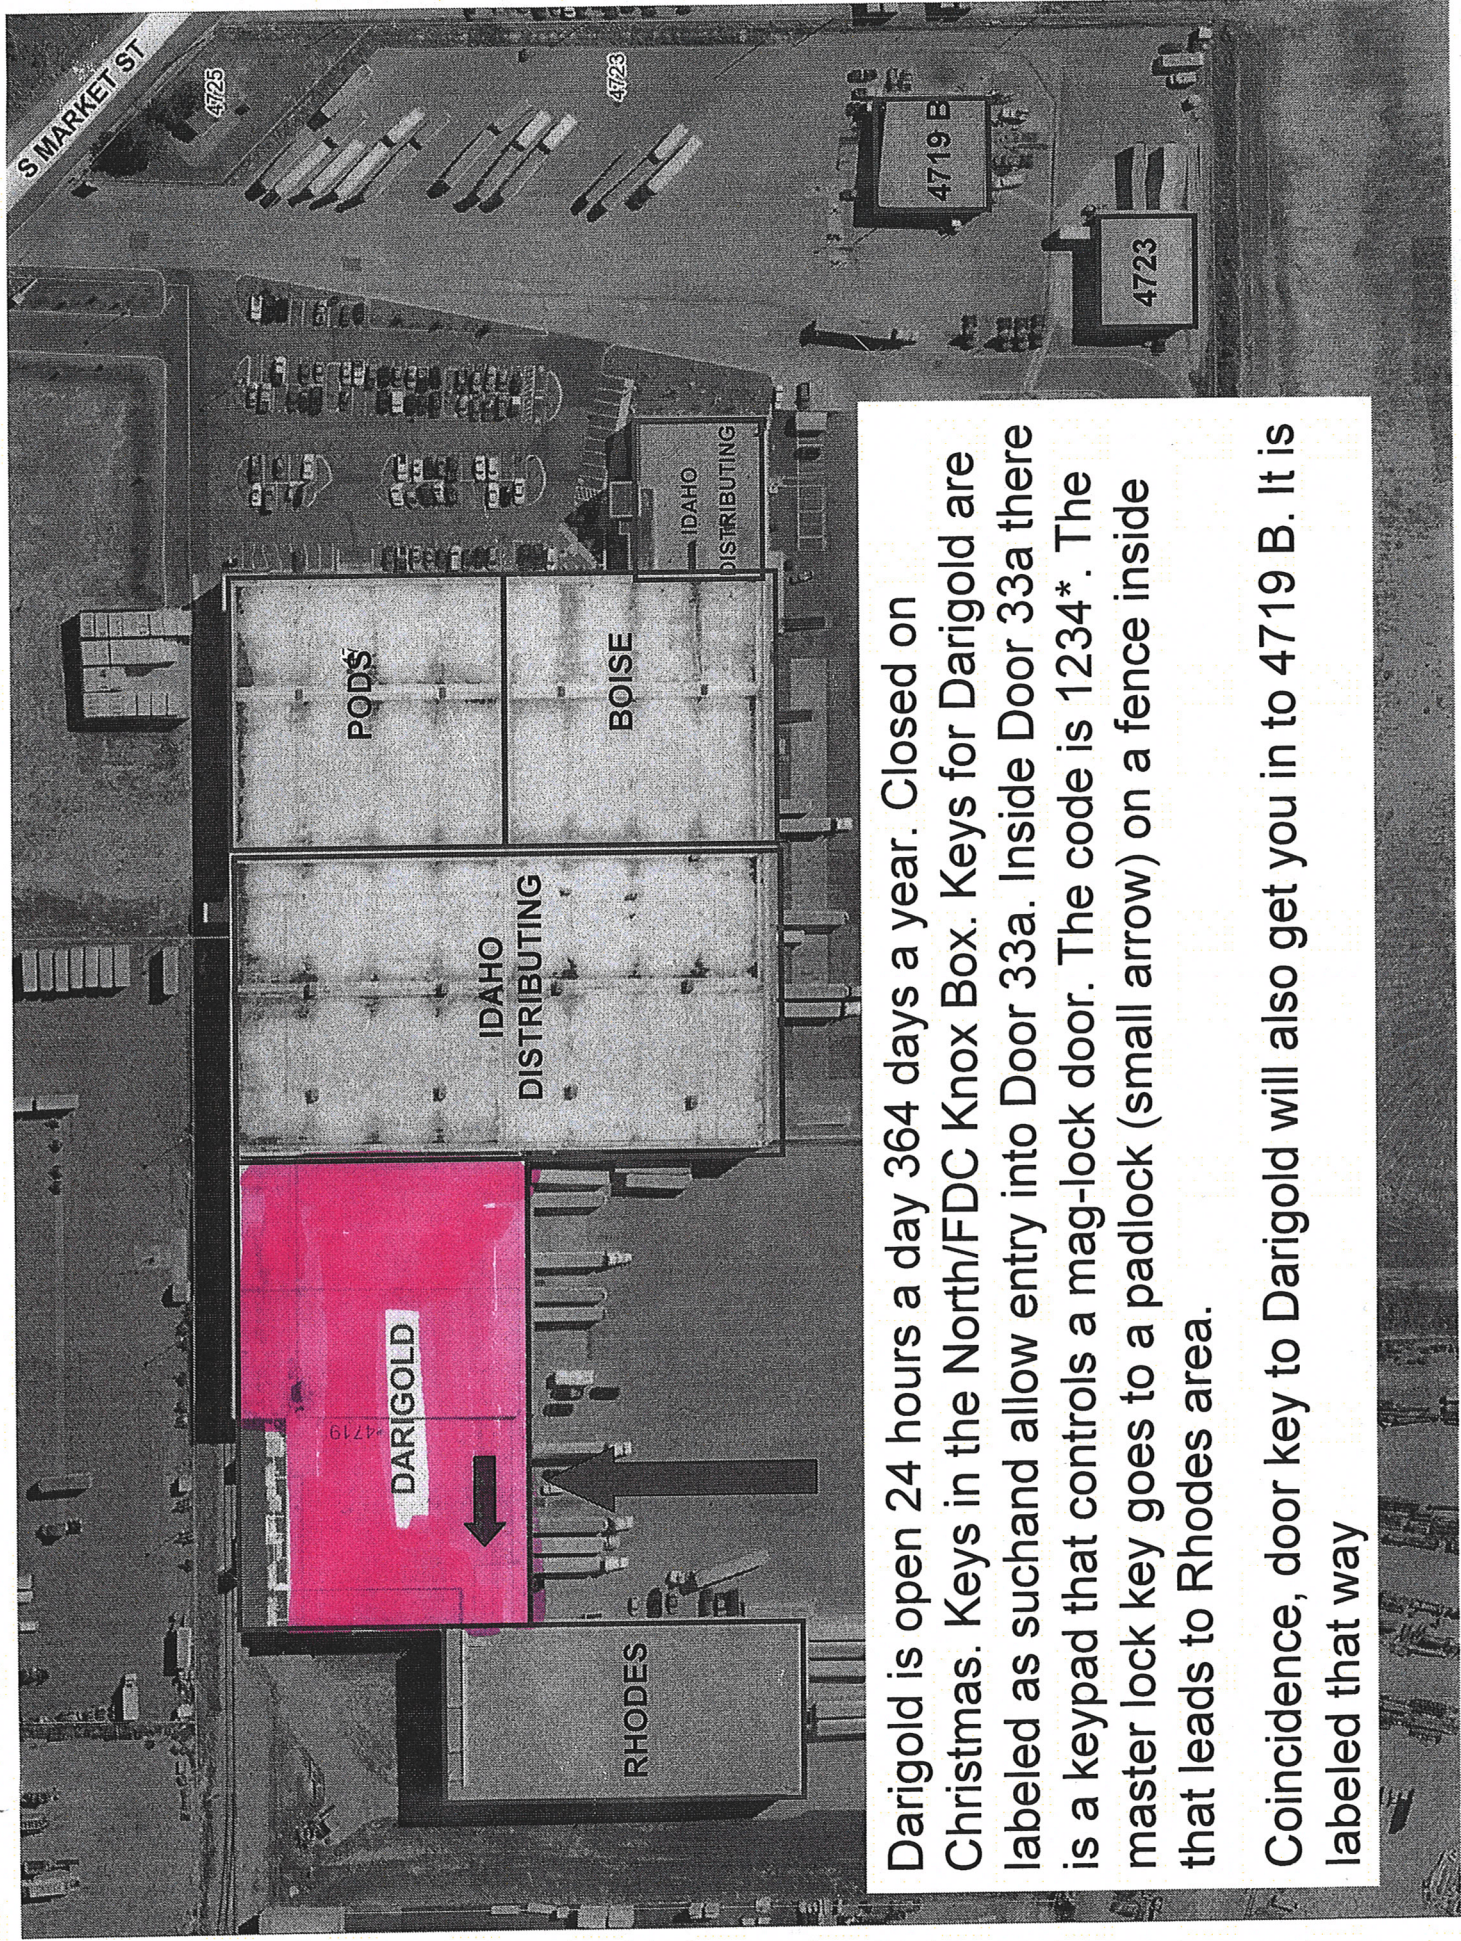

Idaho Distributing has it's own Knox Box, but they only have their own keys in it. From Idaho Distributing's small office there is a long hallway made of chain link to the warehouse. There are two gates that both belong to Idaho Distributing but the key to it is in the North FDC Knox Box. Across the south side Idaho Distributing's man doors 10a and their overhead doors are numbered 6-21.

34 F

Still waiting on keys for Boise. This is their receiving facility. The arrow shows their man door numbered 1a and their overhead doors are numbered 1-5. There is access on the inside via the chain link hallway. The panic hardware will have to be tripped from the outside.

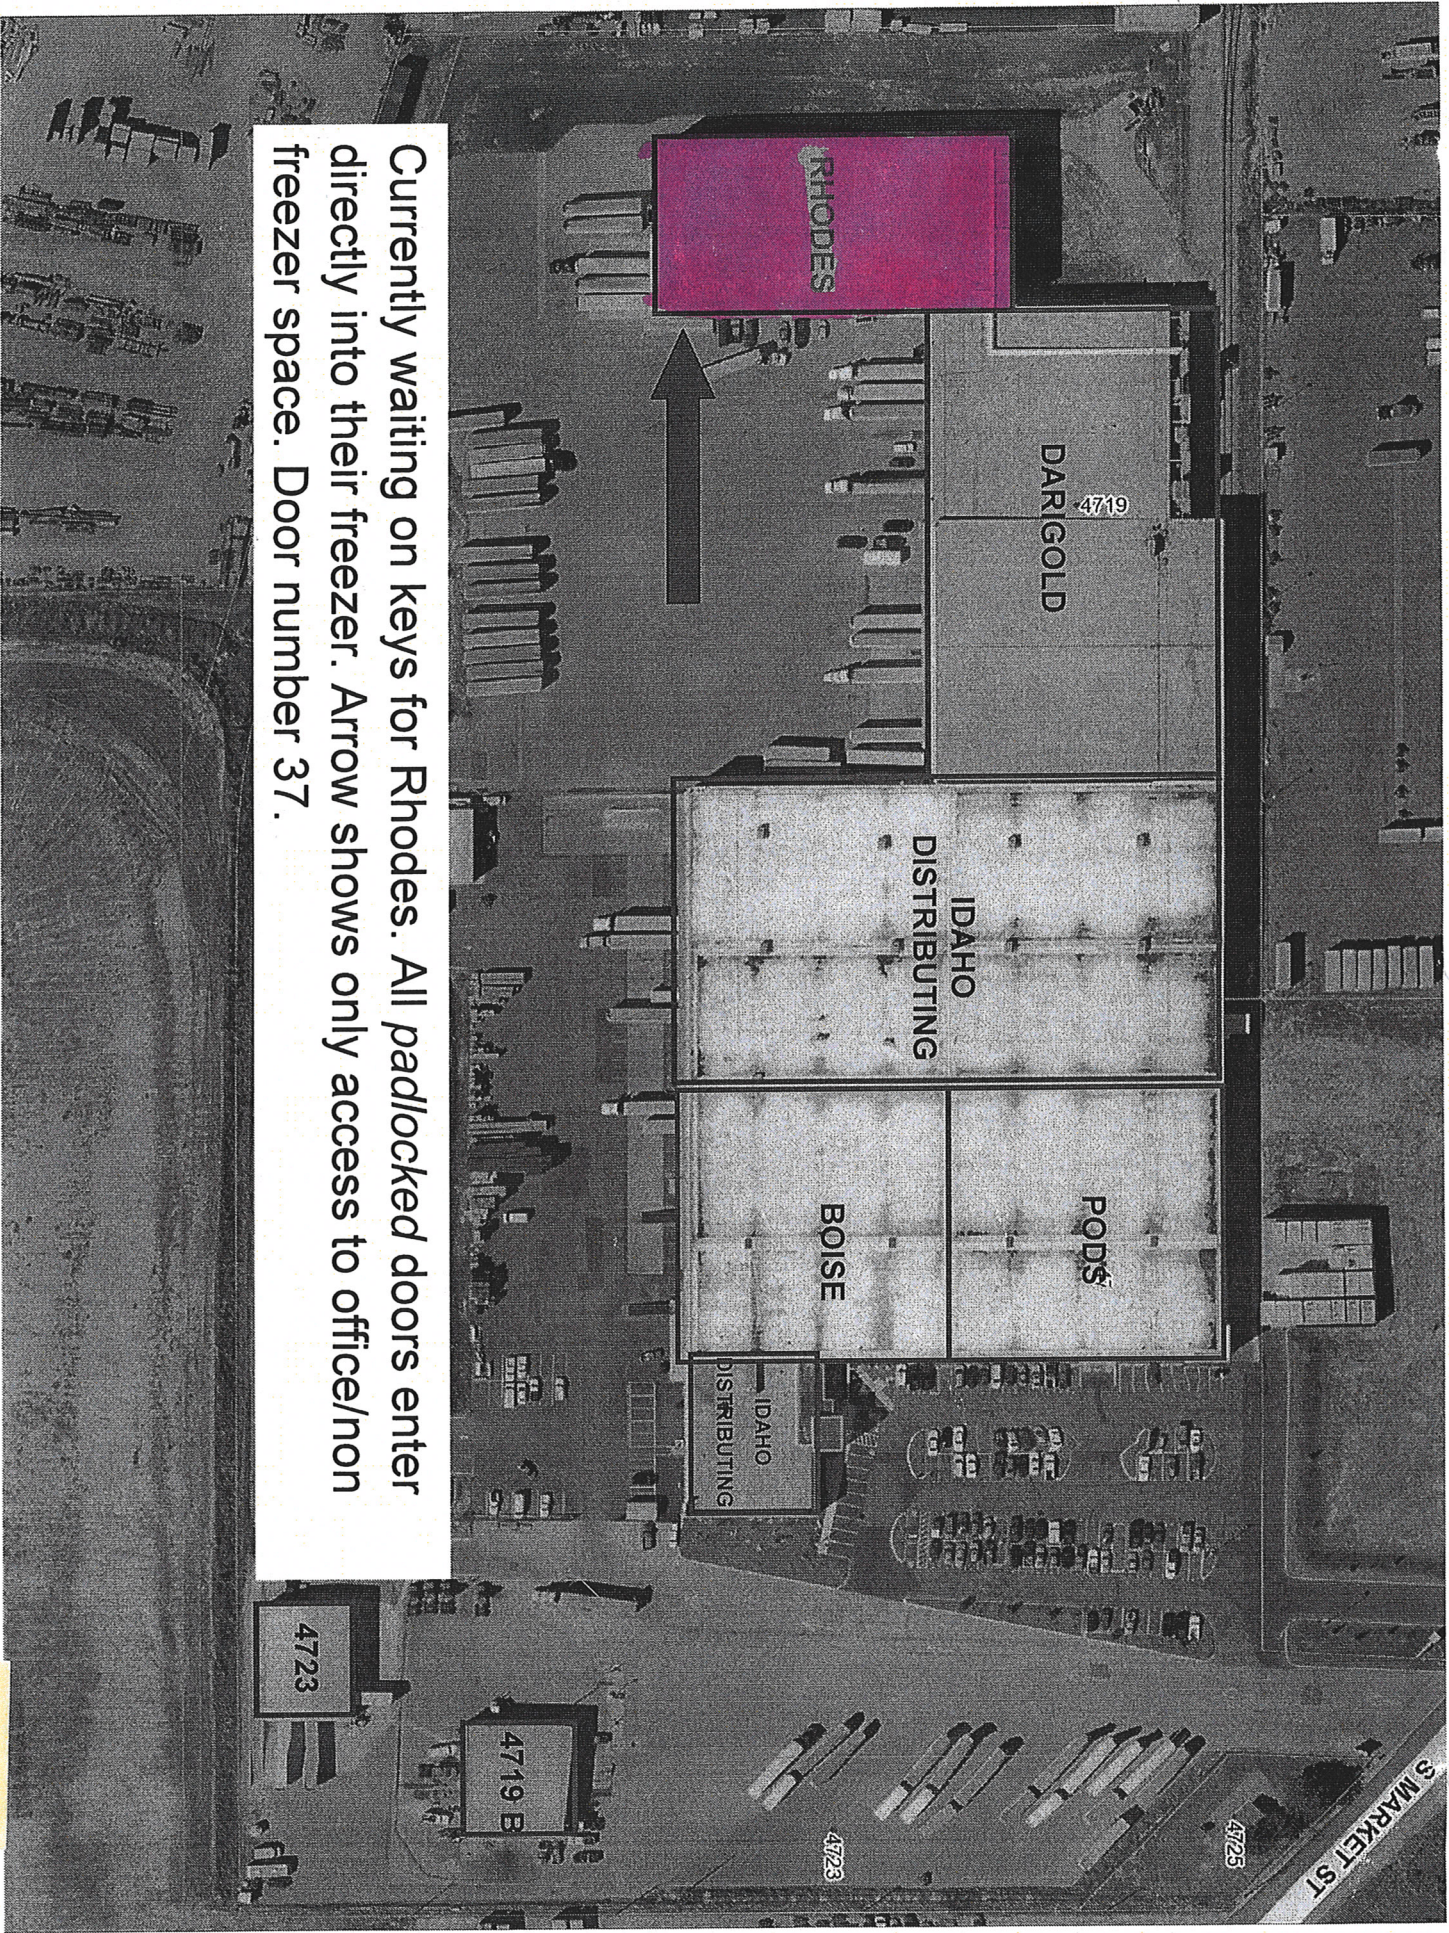

Darigold is open 24 hours a day 364 days a year. Closed on Christmas. Keys in the North/FDC Knox Box. Keys for Darigold are labeled as such and allow entry into Door 33a. Inside Door 33a there is a keypad that controls a mag-lock door. The code is 1234*. The master lock key goes to a padlock (small arrow) on a fence inside that leads to Rhodes area.

Coincidence, door key to Darigold will also get you in to 4719 B. It is labeled that way

34 A

Currently waiting on keys for Rhodes. All padlocked doors enter directly into their freezer. Arrow shows only access to office/non freezer space. Door number 37.
